

# FLOURISHING DISCIPLES

flourishmovement.org

## PURPOSE

*Flourishing Disciples* (formerly Discipleship Initiative) is a resource that we have designed to take your leaders and your church on an intentional journey towards disciple-making, personally and corporately. It will train and equip an initial group of congregational leaders to grow as disciples, disciple others around them and help to establish a disciple-making culture in their church as a whole. We believe that discipleship is much more than just knowing information. Discipleship is about the ongoing, life-long transformation of being conformed to the image of Christ for the sake of others.

## FOCUS

Equip a small group of congregational leaders to build a true disciple-making culture in their church.

- grow as disciples
- disciple others around them
- help to establish a disciple-making culture in their church as a whole
